

Hello Tom,

Thank you for everything during my stay in Toronto. It was a truly gratifying experience to share the dharma with everyone in Toronto at the EBL conference. Together with Jeff Wilson and everyone else, we were able to walk the nembutsu path together, and I greatly appreciate the dedication and hard work shown by yourself, the other members of the Toronto Buddhist Church, and members of the EBL. I have sent a small dana as a token of my appreciation.

Thank you again.

Gassho,

Mark Unno
